

DRUMHELLER

COUNCIL POLICY

COUNCIL POLICY # C-04-04

SEWER INSPECTION AND MAINTAINENCE

PURPOSE:

Insure the uninterrupted collection and disposal of liquid sewage.

POLICY STATEMENT:

The Town of Drumheller will flush sewer lines on a maximum four year rotation. Trouble areas will be identified and these areas will be flushed on a more frequent basis. Maintenance and replacement will be carried out according to long range and operational budget plans and the availability of equipment and manpower.

STANDARDS:

Response to all sewage backup calls will be carried out in the most expedient manner possible. Every effort will be made to protect both public and private property and the safety of all concerned will take priority. In the event of multiple problems the Town of Drumheller reserves the right to prioritize the order of repair.

Adopted by Council

Date: July 12, 2004

Mayor of Drumheller

Chief Administrative Officer
